

# The One Mole Digging A Hole Song

One mole digging a hole  
(Nice round and deep in the ground.)

Two snakes with garden rakes.  
(Hiss, hiss, hiss. You do it like this.)

Three bears, picking pears.  
(Pick and pull till the basket is full.)

Four foxes filling boxes  
(Up to the top, and then you can stop.)

Five storks with garden forks  
(Digging the earth for all we're worth.)

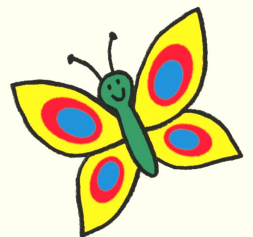

Six parrots pulling up carrots  
(Will anyone make a carrot cake?)

Seven frogs chopping logs  
(The fire needs wood so chop 'em up good.)

Eight crows with a garden hose  
(Get set for the jet that'll get you all wet.)

Nine doves with gardening gloves  
(Coo, coo, coo. Red, yellow and blue.)

Ten bees pruning trees  
(Znip, znip, znip, let's give 'em a clip.)

Now that all the work is done,  
Who's in the garden having fun?  
One mole, two snakes, three bears, four foxes,  
Five storks, six parrots seven frogs, eight crows,  
Nine doves, ten bees – it's everyone!  
Everyone, enjoying the sun.
